Subject:	Ethical standards -I oppose the Unethical Singling out of Israel!

Dear City Council Member,

I respectfully oppose the lack of transparency and unfair singling out of Israel in this City Council Vote. As someone who is concerned about the city you live in and its public image, this resolution will have implications beyond Hewlett-Packard and, if adopted, would tarnish the reputation of your city.

The Cambridge City Council should not abdicate its responsibilities to an interest group whose purpose is to demonize Israel. Any resolution of this kind deserves a full and fair public hearing, including inviting experts and interested parties to weigh in openly before action is taken.

Singling out Israel and HP, amongst all the nations, companies and conflicts in the world, and holding them to a unique ethical standard raises troubling issues about the Cambridge City Council. Thousands of American companies are working overseas and engaged in transactions that can be tied to questionable human rights practices; including numerous companies with Cambridge contacts.

In this instance, the Council is overlooking scores of other situations and electing to support dubious and largely unexamined claims against Israel made by an outside organization. If the Cambridge City Council elected to adopt a foreign policy that it applied without prejudice to nations and companies around the world, the issue of an ethical double standard would not be raised.

Personally, I am worried by organs harvesting and human trafficking as some of the most troubling issues. I would not think that singling any company who operate in those countries that allows horrible human crimes would solve those issues.I find it hard to believe that the City of Cambridge thinks singling our HP or Israel would create any value or wind of change in the middle east.
